State of The Judiciary Message

Presented to the Michigan Legislature

May 12, 1983

by

Chief Justice G. Mennen Williams

Michigan Supreme Court

It was 23 years ago that I last delivered a message to the two houses of the Michigan Legislature in joint session. It was an honor then as Governor. It is an honor now as Chief Justice representing Michigan's One Court of Justice.

Let me first of all congratulate you on the courage and understanding with which you are facing up to the challenge of the State's economic condition. We pledge you our support. We will manage the judiciary's share of the state budget as carefully as we can.

Since we last met 23 years ago, three important things have happened with respect to the judiciary:

First, the 1963 Constitution proclaimed the intention of the people of Michigan to have one court and one law. That bespoke a keen desire for the same equal justice under law for all the people of Michigan from Marquette to Monroe and from Saugatuck to Sault Ste. Marie.

Second, the people have indicated their confidence in the judicial system by using the courts more than ever before. The legislature has supported the people in this intention in two ways. First, the legislature has increased the number of judges from 183 to 550. Second, the legislature, pursuant to a 1963 constitutional authorization, established a wholly new court system nearest the people, the district courts. The people also changed the constitution to establish an intermediate Court of Appeals to reduce the caseload of the Supreme Court.

Third, despite generous help from the legislature and the executive, the judicial branch of government has fallen behind the legislative and executive branches in its ability to cope with the problems of today's world.

As to the first point, the intention of the people of Michigan expressed in this constitution to have a One Court of Justice, some comments are in order. The first thing to be said is that the metaphore that our judicial system is like a pyramid with the trial courts representing the base the Supreme Court the peak is conceptually mistaken. Michigan's One Court of Justice is better represented as a wheel. The trial courts are the strong rim most in contact with the public and the Supreme Court and the Court of Appeals are the hub.

The spokes represent the need for communication back and forth between the trial courts and the hub. All parts must work together to permit the wheel to perform its function.

Second, the Supreme Court, despite the almost overwhelming pressures of moving its own ever increasing caseload, is very conscious of this necessity of inter-communication. Normal contact between justices and trial court and Court of Appeals judges is frequent and all justices welcome as much contact as is possible. The Chief Justice meets quarterly with circuit, probate, and district court leadership to discuss matters of mutual interest and to discover where the Supreme Court can be of assistance. Different justices sit with trial judges on various committees, such as the Circuit Court Judges' Rules Committee. In addition to these continuing traditional contacts, the Supreme Court is reinstituting a lapsed practice of regional meetings between all the judges in a region and all the justices. The main purpose of these conferences is to invite the local judges to engage the justice in an unstructured, uninhibited dialogue. It is hoped the judges will surface complaints, vent frustrations, point out what is good and what is bad, and voice hopes of improving and making practical the administration of justice. We hope in a year, or year and a half, to cover the whole state by these regional conferences and then begin all over again. The first scheduled conferences are for June 24 at Gaylord covering the northern 21 counties of the lower peninsula and for July 22 at Mt. Pleasant covering the 15 north central counties. We will schedule the remaining conferences as soon as we can arrange the details. (For the benefit of my upper peninsula friends, all of the justices will be in Houghton/Hancock June 17 and 18 for the Upper Peninsula State Bar Conference.) Any member of the legislature who wishes to visit is welcome. If the conferences sound to you like too much shop talk, come to the noon luncheon. We'd proud to have you.

A significant form of inter-communication is the Michigan Judicial Institute. It arranges legal and administration seminars throughout the year on subjects of interest to trial judges and their staffs. Also of great importance is the State Court Administrator's Office which seeks to support trial judges and their administrators in everything from developing (jointly with the affected judges) uniform forms and reports to helping new judges with procedures and working with local financing bodies. Finally, with considerable help and understanding from the legislature and executive, the Judicial Data Center has been able to begin to assist some of the trial courts to use computers to manage increased caseloads with greater efficiency and public service. The local courts help support those services by paying user fees.

The Supreme Court has also worked with trial judges and others to establish the Michigan Rules of Evidence and the Michigan Court Rules. A similar committee is hard at work developing Michigan Rules of Criminal Procedure. Another joint committee has developed Sentencing Guidelines to avoid extreme and aberrant sentences.

These spokes join the hub with the trial court rim and reinforce the strength of Michigan's One Court of Justice.

Let me conclude this section of this message with brief mention of two items. First, fair court financing. This legislature took a giant step toward bringing about One Court of Justice in December 1980 by passing the first acts providing for statewide court financing. The Supreme Court has been working cooperatively with the Detroit and Wayne County courts to effectuate the legislative intention. There remains the moral commitment to provide fair court financing for the rest of the state. The Supreme Court is on record in support of this principle and will cooperate with the legislature in whatever incremental action that the legislature considers wise to undertake. We appreciate that actual funding may not be possible at this time, but some expression of continued interest of the legislature in fair court financing would be deeply appreciated.

Second, the independence of the judiciary is threatened by various new forms of law suits against judges. It would be appreciated if the legislature could give consideration to helping fund some form of insurance in this area to maintain a fearless administration of justice.

The last change since we last met is the litigation explosion. When last we met in 1960 the total trial court cases filed was less than 150,000. Today it is nearly two and a half million.

When I became Governor in 1949, the Supreme Court caseload was 579 cases a year. By 1964, the caseload was 762. This situation was considered so serious that the 1963 Constitution set up an intermediate appellate court, the Court of Appeals, to reduce the number of cases going to the Supreme Court and to make all appeals to the Supreme Court by leave rather than by right. Today the Court of Appeals saves the Supreme Court from close to a 7,000 caseload but nonetheless, we still havew 2,100 cases a year. This number is three times as high as it was when the people decided that an intermediate appellate court was necessary.

This situation has resulted in delay or otherwise unsatisfactory conditions in the trial and appellate courts from time to time. Some of the problems will be discussed as a part of the point I wish to take up with you.

My third point is that the ability of the judicial branch to perform its mission has decreased in relation to that of the legislative and executive branches, largely because of the great proliferation of litigation just mentioned, but for other reasons as well.

For examples, things in the Capitol were very different 23 years ago when I last addressed this body. The Supreme Court room and offices, along with the Law Library, were in this Capitol Building. So was the Attorney General, the Secretary of State, the State Treasurer and Auditor General. The legislature was only a shell of its present day self. There were no committee staffs, no individual legislator offices, no legislator staff -- only a handful of secretaries shared by the whole legislature -- no constituent offices and staff and no real budget agency. The legislature then was functionally inadequate.

Today, due to the foresight and acumen of yourselves and your predecessors, the legislature is equipped to cope with the problems of the modern day world.

The Governor's office got a jump of 10 to 15 years on the legislature in modernizing its operations. It began with Governor Sigler and the establishment of the Department of Administration. It culminated with Governor Romney and the executive reorganization in the 1963 Constitution. Today the executive office, like the legislature, is well equipped to cope with the problems of today and tomorrow.

While the legislative and executive branches strengthened themselves to cope with their problems, the courts were endeavoring to do the same thing. The legislative and executive branches assisted the courts in their efforts. However, the judiciary has not caught up with the legislature or the Governor.

Personnelwise, the Supreme Court, with two or three additions requested, is in fair shape to handle its own caseload. We are momentarily behind but catching up. We are undertaking a review of our trial court support services and the personnel required for the part of our duty. Hopefully, we can get along for the time being with the personnel we have. As for trial court personnel, we have not had an opportunity to make an analysis so cannot comment as to whether additional personnel are required.

We have pursued and will increasingly pursue the goal of affirmative action on hiring minorities.

Facilitywise, many of the courts are in poor shape. Under existing law the legislature does not have the duty to provide courtrooms and support space and offices. Some responsible local funding units have provided ample dignified facilities, but too many have not. For example, we have a recent situation where two judges try to conduct trials out of one courtroom. Under my precedessors, the Supreme Court undertook a survey with the University of Michigan, School of Architecture to determine the availability and suitability of courthouses. The report of that survey was that there was a definite shortage of facilities and many were substandard accomodations. For example, the survey states:

> "Among the previous uses of some present Michigan courthouses were: . . . a gas station . . . a funeral home . . . a meat locker."

The survey report also stated:

* * *

> "[W]e would be remiss in failing to point out how often the quality and the dignity of judicial proceedings are undermined in gross or subtle ways by the functional difficulties of our courthouses and by negative symbolic messages which these courthouses broadcast to all concerned."

The situation indicated is not consonant with an effective Michigan One Court of Justice. What can be done is certainly complicated by the state-local relationship. I bring this matter to the attention of the legislature and the executive as the Governor has stated that as a part of the state's jobs program, public construction will be considered. The U of M study demonstrates that courthouse construction is a real and existing need.

The Supreme Court itself, facilitywise, is not in good shape. When the Supreme Court was removed from the Capitol in 1970, the second floor of the Law Building looked like a reasonable allocation of space. However, we then had a staff of 55. Today we have a staff of 130. We had to increase our staff by a little over 200% because our caseload had risen, in that interim, by a little over 400%. Obviously, the second floor of the Law Building became inadequate years ago, and I can remember the Chief Justice when I first came on the court 12 years ago trying to get another floor or two in the Law Building. Each Chief Justice since has tried to get additional space in the Law Building, sometimes with hope, but totally without actual success, probably because others needed space there too.

Despite the fact that ours is an integrated operation and the Chief Justice and the State Court Administrator need constant and close contact with all the areas of the court's work, in 1976, separate space in a commercial building a quarter mile away had to be obtained for court administration offices. In the 7 years since that necessary dispersion of our supporting staff our caseload has more than doubled. Now, being crowded to the point of violating fire regulations and without any space to house some needed staff, the court must send a part of its staff - this time staff that directly supports court case action - to another building.

Then we will be fragmented into three buildings. This separation is most disruptive to our operations and costly in terms of efficiency in the administration of justice. This dilemma has caused the Supreme Court to think long and hard.

The result of our considered deliberations is that we believe that proper administration of justice for the people of Michigan requires that the Supreme Court have its own building to house the courtroom and sufficient space for offices and other necessary services. We realize that there are no immediate funds for such a project, but the Governor, in his economic message, established initiatives for public construction that might well include building or remodeling court facilities. For the time being, I shall informally explore the matter with the appropriate persons in the legislative and executive branches until such a time as I can communicate to you a more specific project or until the legislature or executive has a project of its own.

In conclusion, I again express appreciation for the honor and opportunity to address your distinguished bodies in joint session. We realize that you have an exceedingly critical challenge to get Michigan back to work and to make Michigan an attractive place in which to invest, to work, and to live. We realize there are many priorities for you to consider, but we submit that a place where justice is well and timely and fairly administered is one of those priorities.

Thank you and God bless you.

The Court completed 2,224 cases in the year ending 6/30/83, the eighth successive all-time record. That is 402% more than were completed 14 years ago or, stated another way, it is 5 times as many as were completed then.

Notwithstanding this extraordinary and sustained record of achievement the number of cases pending (under consideration but not completed) is 5.19 times as many as 14 years ago because new cases filed have increased by numbers greater than the completions during most of the intervening years.

CASES COMPLETED = Court work completed, jurisdiction relinquished.

COMPLETED BY OPINIONS = Self-explanatory

FINAL ORDERS WITHOUT OPINIONS. These are orders issued in response to an application for leave to appeal, pursuant to GCR 1963, 852.2(4)(g) or 853.2(4), reversing, reversing in part, affirming, remanding for specific proceedings, etc, without formal opinion but with specific reasons stated in the order, for the action taken. There is no oral argument in these cases. This is a more summary procedure than the leave granted process which, because it involves printed briefs, oral arguments and formal opinions, takes approximately 20 months longer to complete a case.

DENIALS OF LEAVE TO APPEAL. In general an appeal as of right to the Court of Appeals exists with regard to final judgments of the lower courts. Const 1963, Art IV, § 4, and GCR 1963, 852.1 and 853.1 vest the Supreme Court with the discretion to deny a further appeal.

DISMISSALS AND WITHDRAWALS. Of the few cases in this category, most are dismissed or withdrawn by the action and consent of both parties. Less than ten percent of these few cases are dismissed by the Court on motion charging failure to diligently pursue the appeal.

*GRANTS. Orders granting leave to appeal do not complete Court action on a case. Therefore, they are not included as case completions. The number of the orders granting leave to appeal each year is compared, as a percentage, to the totals of columns B, C and D, not including A. Thus the percentage accurately reflects the proportion of grants made to applications for leave to appeal acted upon.

III TYPES OF CASES FILED WITH THE SUPREME COURT

Of the 2,112 cases filed with the Supreme Court last year, 2,028 or 96% were applications for leave to appeal from decisions made by the Court of Appeals, or prisoners' requests for relief from decisions of that Court, which are considered in much the same manner as applications for leave to appeal. The other 84 cases filed last year, 4% of the total, consisted of the following kinds of actions: 14 applications for leave to appeal prior to decision by the Court of Appeals; 16 applications for leave to appeal from Attorney Discipline Board decisions; 37 complaints for mandamus or superintending control relative to Grievance Board or Board of Law Examiner matters; 5 Judicial Tenure Commission cases; 5 requests from federal courts to certify questions to this Court; 1 request for an advisory opinion; 5 special proceedings related to the admission of foreign attorneys and 1 quo warranto proceeding. This ratio, 96% applications for leave to appeal after decision by the Court of Appeals and 4% all other categories, is the same as the last 4 years and has been relatively constant since the inception of the Court of Appeals in 1965.

Of the 2,112 cases filed, 1,001 or 47% were criminal cases and 1,111 or 53% were civil cases. Since the inception of the Court of Appeals in 1965 the ratio of criminal and civil cases, preponderating on either side, has stayed within the limits of 6 to 4.

IV MOTIONS AND OTHER SEPARATE ORDERS

With the exception of the column concerning grants in the table in section II, all of the foregoing concerns case completions and final orders of the Court issued during the 12-month period ending 6/30/83.

MOTIONS. During the same period the Court issued 683 separate additional orders on motion matters as follows: 138 orders granting leave to appeal; 42 orders on motions for rehearing; 129 orders on motions for reconsideration; 3 corrective orders issued on the Court's own motions; 119 orders holding cases in abeyance, issued on the Court's own motions; 78 miscellaneous orders on motions for bail, for a stay of proceedings, to tax or not tax costs, etc; 98 orders issued by the Chief Justice, here commonly called "housekeeping orders", e.g., orders on motions to extend the time for filing briefs, to place on or withdraw a case from a session calendar, or for oral argument, etc., and 76 orders on motions for admission to the bar. In addition to these 683 separate orders on motions there are now each year over 1,000 motions acted upon by the Court where those actions are included within the final order issued with completes the Court's work on the case.

During this same period 134 judgment orders on opinions were issued.

V ADMINISTRATIVE WORK

Like its caseload, the Court's administrative workload has more than quadrupled in the last 15 years. The administrative workload stems largely from the Court's responsibility for superintending the judicial system. During the 12 months covered by this report, the Court met 22 times in administrative sessions and considered and acted upon 133 agenda items such as Rules changes, sentence review guidelines, fees for appointed attorneys, requirements for admission to the bar without examination, contingency fees, standards for disqualification of judges, procedures and standards for assignment of appellate counsel, public access to court records, foster care review boards, appointments to the various Boards, Commissions and Committees for which the Court has the responsibility to make appointments, fee schedules, the Law Library, disciplinary rules for lawyers and Wayne County Court Reorganization. Analytical and factual reports, some very extensive including input solicited from the bench, bar, interested public officials and the public, are prepared by the Court Commissioners' office for the Court and are considered beforehand and then acted upon during administrative sessions. In addition to this more formal method of handling administrative matters, many matters are acted upon, of necessity, informally -- sometimes by telephone conference.

In 1969, only 15 formal administrative orders were issued. In the 12 months here reported on, 50 were issued, and over the last 5 years an average of 52 formal administrative orders have been issued per year.

VI CONCLUSION

The Court has searched for every conceivable means to cope with the problems stemming from the more than fourfold increase in its case and administrative workloads. It has utilized the most efficient equipment and adopted procedures to complete more cases and to complete them sooner. In the year ended 6/30/83, the Court issued 3,091 orders; 2,224 final orders and 867 orders on motions and administrative matters. With trivial exceptions, each Justice must act upon each order. Thus in the year ended 6/30/83, each Justice had to reach a decision about and participate in the issuance, on average, of more than 12 orders per day every weekday of the year. The Court will continue to seek greater efficiency in its operation, to achieve greater production without a reduction of the quality of the decisions made, but it is believed that the Court is close to the limit of its capacity.

COURT OF APPEALS

Article VI Sec. 8

"The court of appeals shall consist initially of nine judges who shall be nominated and elected at non-partisan elections from districts drawn on county lines and as nearly as possible of equal population, as provided by law. The supreme court may prescribe by rule that the court of appeals sit in divisions and for the terms of court and the times and places thereof. Each such division shall consist of not fewer than three judges. NOTE: Many of the following reports contain discrepancies as a result of implementation and use of automation in maintaining caseload information. It has been ascertained that resolving these discrepancies is strictly a matter of refining the computer systems.

A high percentage of these discrepancies occurred within the computer system during the transfer of activities at the end of the reporting period (December 31, 1982) to activities pending at the beginning of the reporting period (January 1, 1983). Thus, columns B and C accurately reflect the caseload commenced and closed during the reporting year. Because these reports are prepared via computers outside of the courts, discovering and correcting these discrepancies is not immediately feasible.

Some reports are reported incompletely. These are indicated by blank items within the report form. Reports which represent only one-half year are noted as such. All reports have been denoted with asterisks which contain discrepancies or are incomplete.

Assignment of Judges

ASSIGNMENT OF JUDGES

The Michigan Constitution, 1963, Art. VI, Sec. 23 and RJA Sec. 225, 226, 306, 825, 829 and 8212, as amended, authorize assignment of judges from one court to another either by direct order of the Supreme Court or through the State Court Administrator.

Judicial vacancies occur during the year due to retirement, death, or serious illness which require an assignment to provide temporary assistance to a court which is experiencing a sudden increase in trial work or a series of lengthy trials. Assignments are also made when a court is behind in its work or when a case requires disqualification of a particular judge or an entire bench.

In most instances, assignments to the Court of Appeals or the Circuit, District, or Probate Courts are made without regard to whether the assigned judge regularly sits on that court. For example, it is not unusual for a Probate Judge to be assigned to a Circuit Court, District to Circuit, Circuit to Court of Appeals, etc. This flexibility provides more efficient use of the most precious commodity in court administration: judge time.

Assignments of retired or former judges to all courts except the probate court require expenditure of state funds for payment of the state portion of the assigned judge's compensation and expenses. The balance of the assigned judge's compensation is the responsibility of local governmental units and is paid from local funds.

Assignments of incumbent "sitting" judges to any court, and assignments of retired judges to the probate courts, are wholly funded under the law by the local governmental units and thus require no state expenditure.

Michigan Judicial Tenure Commission

ANNUAL REPORT

Michigan Judicial Tenure Commission

COMMISSION PURPOSE

The Judicial Tenure Commission was created by constitutional amendment in 1968, (Mich Const, Art VI, Sec 30) in response to a need for a less cumbersome method than impeachment for the removal of unfit judges. The electorate was also satisfied that a more effective procedure was required to discipline and correct the conduct of judges who, while not engaging in activity warranting removal, nevertheless adversely effected the proper administration of justice and the essential confidence it must generate.

The Commission by its presence and public activity contributes to better public understanding of the judicial process and better judicial performance. Through the confidentiality of its private investigations and deliberations, minor grievances can be reviewed and remedied without media attention.

The Commission is comprised of nine members who serve, without pay, for terms of three years. The Commission employs an Executive Director and seven permanent or part-time staff members to perform its required work. Staff members investigate all grievances and act as examiners in presenting formal complaints at Commission hearings.

COMMISSION PROCEDURE

The Commission has the authority to review written grievances which allege misconduct or disability and, after a preliminary investigation of the facts and circumstances, can then determine whether a formal complaint should be filed against a judge. The Commission is further empowered to conduct a public hearing before itself or an appointed Master. Thereafter, the Commission may recommend to the Supreme Court, where appropriate, that a judge be either censured, suspended with or without salary, retired or removed from office.

A judge shall be found guilty of misconduct if:

(a) The judge is convicted of a felony.

(b) The judge persistently fails to perform judicial duties.

(c) The judge is habitually intemperate by appearing in court under the influence of alcohol.

(d) The judge's conduct is clearly prejudicial to the administration of justice.

(e) The judge is persistently incompetent or neglectful in the performance of his judicial duties.

Additionally, a judge shall be removable from office for physical or mental disability which prevents the performance of his duties for a substantial period of time.

It is important to clarify that the Commission does not function as an appellate court to review judicial decisions for factual or legal errors. Further, it does not have the power to investigate or discipline attorneys, federal judges, court personnel, members of the legislature, prosecutors or police officers. It may not give legal advice to citizens or represent clients, although it will refer persons to other agencies where appropriate. The Commission's jurisdiction is limited to misconduct, as defined by the Code of Judicial Conduct and the Code of Professional Responsibility.

The Constitution and Court Rules safeguard the confidentiality of all grievances and their investigation except as to the parties involved.

Prior to the filing of a formal complaint, neither Commissioner nor staff member may disclose the existence or contents of an investigation. An exception may occur when, in the public interest, the Commission may issue a public statement confirming a pending investigation, or a completed investigation resulting in insufficient evidence for filing a complaint.

After a formal complaint is filed, it is a matter of public record and all subsequent proceedings are conducted in open public hearings.

The Commission must determine initially whether a grievance appears to be valid and well-founded and alleges facts indicating misconduct or disability. This is accomplished through preliminary inquiry by the staff. Many grievances are dismissed at this stage as without sufficient merit.

If the grievance proves to have substance, the judge under investigation receives notice of the allegations and is given a reasonable opportunity to respond. Thereafter, the Commission must consider the judge's reply and determine whether or not to bring formal charges by the filing of a formal complaint.

On grievances of a relatively minor nature, the Commission may dismiss the grievance and privately caution a judge with respect to his conduct, or, under appropriate circumstances, enter a recommendation of private censure with the Supreme Court. An order of private censure must be kept secret and confidential.

If, as a result of a formal hearing, misconduct is established, the Commission must submit its own decision regarding the case and recommend suitable discipline to the Supreme Court. Upon a review of the entire record, the Court may accept, reject or modify the recommendation of the Commission.

ANNUAL REPORT

Summary of Grievances Considered

The information contained in this Report covers the period from July 1, 1982 to June 30, 1983.

Since its inception, the Commission has opened 2,596 files concerning grievances against judicial officers, 311 of which were received during the past year. During the current reporting year, 303 grievances reached final disposition, resulting in a year-end case load of 48 pending grievances.

There were 311 grievances filed with the Commission in the course of the current period, which originated from the following sources:

177	Litigants

*The total figure reflects the fact that several grievances concerned more than one judge.

Analysis of Data:

Some brief conclusions can be drawn upon an examination of the above grievance data:

(1) 66% of the grievances received were either obviously unfounded or frivolous on their face or proved so after preliminary inquiry. 246 grievances were dismissed without investigation. The usual grievance came from a dissatisfied litigant who accused the judge of partiality or disregard of the law in the case, but who pointed to no substantiating evidence. Such person was advised to pursue the appropriate appellate remedy.

It is important to note that the Commission carefully reviews all grievances to distinguish between claims of judicial misconduct and disagreement with judicial decisions or criminal sentences however unpopular they might be.

(2) Numerous grievances continue to be received from litigants in divorce or custody matters, from criminal defendants, and from parties to small claims actions. A common assertion made is that the judge displayed bias and partiality and failed to give the parties a fair hearing in the case. Judges might profitably reexamine their attitude and demeanor toward lawyers and litigants and, where necessary, take measures to guard against conveying the impression of favoritism or partiality.

(3) The Commission has determined that it lacks jurisdiction to review grievances against administrative law judges or administrative hearing officers since they are civil servants employed within the executive branch of government and not judicial officers as defined in General Court Rule 932.

Michigan Attorney Grievance Commission

ANNUAL REPORT

State of Michigan

Attorney Grievance Commission

October 1, 1982 - September 30, 1983

The Michigan Attorney Grievance Commission was created by the Supreme Court, effective October 1, 1978. Along with the simultaneously created Attorney Discipline Board, the Commission succeeded the State Bar Grievance Board, which thereby expired. The Commission, pursuant to GCR 1963, 957.1, is the prosecution arm of the Supreme Court for the discharge of its constitutional responsibility to supervise and discipline Michigan attorneys.

The Attorney Grievance Commission consists of seven persons who serve without compensation and are appointed as follows:

Three lawyers appointed by the Supreme Court; two public members appointed by the Supreme Court; two lawyers appointed by the Board of Commissioners of the State Bar of Michigan.

COMMISSION PROCEDURE

Chapter 95 of the General Court Rules governs the conduct of attorney disciplinary proceedings.

Grievances filed against attorneys are denominated "requests for investigation." Any person may file a request for investigation with the Grievance Administrator, and the Grievance Administrator may file his own request for investigation where necessary. The filing of a request for investigation initiates the grievance process.

Following the filing of a request for investigation, the Grievance Administrator must determine whether there exists a prima facie allegation of professional misconduct, i.e. a violation of General Court Rule 953. The Grievance Administrator may reject the request for investigation or he may conduct an investigation. Upon conclusion of the investigation, the Administrator recommends to the Commission that (1) the matter should be closed as there is not provable evidence of professional misconduct sufficient to sustain the burden of proof at a disciplinary proceeding, or (2) that authorization should be granted for the issuance of a formal complaint.

In the Commission's last fiscal year, October 1, 1982 to September 30, 1983, 3,232 requests for investigation were filed, as opposed to 3,112 for the previous year. This represents a continuation of receipt of grievances in excess of 3,000 which first occurred in the 1979-1980 fiscal year. The rate of intake is still far in excess of that which was experienced in previous years. In the fiscal year 1978-1979, for example, 2,578 grievances were filed.

Of the 3,232 grievances received, 1,879 were rejected by the Grievance Administrator pursuant to GCR 1963, 961.3; 796 were closed by the Commission pursuant to GCR 1963, 963.1(2); 264 were closed administratively; 130 resulted in confidential admonishments; and 166 were authorized by the Commission for formal proceedings. The pending investigative caseload remained stable, from 392 at the beginning of the period to 406 as of September 30, 1983. The investigative caseload is virtually current, with an average turnover time for receipt of a request for investigation to investigatory disposition of 90 days. Representing only 12.56% of the total annual intake, the pending investigative caseload is at an acceptably manageable level and compares more than favorably with other jurisdictions across the country.

Assisting the full-time professional staff in the investigation functions are some 200 volunteer investigators. The volunteer investigators are members of the State Bar of Michgian who perform pro bono on behalf of the Commission and who are reimbursed only for actual out-of-pocket expenses. Approximately 10% of the formal investigations are referred to the volunteer investigators.

In prosecuting formal complaints before Hearing Panels of the Attorney Discipline Board (the Supreme Court's adjudicative agency for attorney discipline) the Administrator and his professional staff are assisted by some 150 volunteer counsel, who, like the volunteer investigators, are members of the State Bar of Michigan who donate their service to the Commission. Approximately 4.65% of the litigated matters are referred to volunteer counsel.

LITIGATION

Upon authorization by the members of the Commission, the Grievance Administrator causes a complaint to be prepared and filed with the Attorney Discipline Board. The Grievance Administrator is the party-petitioner to every formal charge of misconduct.

Hearings on charges of misconduct are held before three-lawyer hearing panels of the Attorney Discipline Board. The hearings are open to the public. The Grievance Administrator is required to prove his case by a preponderance of the evidence and the respondent may retain counsel, cross-examine witnesses proferred by the Administrator, and present evidence in his own behalf. The practice and procedure employed in nonjury civil cases are applicable to disciplinary proceedings as are the Michigan Rules of Evidence.

Upon conclusion of the hearings, if the panel finds that the Administrator has failed to prove misconduct by a preponderance of the evidence, the case against the respondent must be dismissed. If the panel concludes that professional misconduct has been proven by a preponderance of the evidence, the panel must enter an order of discipline, which may consist of a reprimand, probation, suspension or disbarment. A suspension or disbarment disqualifies the respondent from the practice of law, whereas a reprimand is in the nature of a public censure. Probation is in the nature of a supervised reprimand. All discipline in Michigan is a matter of public record. (The admonishment issued by the Commission is confidential and is an administrative warning not constituting discipline.)

Any party may appeal an order of a hearing panel as of right to the Attorney Discipline Board and may seek leave to appeal to the Supreme Court from an order of the Attorney Discipline Board.

FUNDING

The expenses of the Attorney Grievance Commission for the fiscal year October 1, 1982 - September 30, 1983, as certified by the State Bar, were $575,843.

Pursuant to General Court Rule 954, the entire expense of the Commission was paid by the State Bar of Michigan. No public tax dollars were employed in the funding of the Commission's operations.

State Appellate Defender Office

October 1, 1982 - September 30, 1983

The State Appellate Defender Office currently operates pursuant to 1978 PA 620 (MCL 780.711 et seq) and continues to be governed by the seven-member State Appellate Defender Commission, which is also charged with overseeing the private appellate assigned counsel roster. The State Appellate Defender Office was established in 1970 to provide competent legal representation in criminal post-conviction matters. It had its genesis in Michgian Supreme Court Administrative Order 1970-1 and has functioned under the auspices of the Supreme Court within the office of the State Court Administrator since its creation.

From 1970 to 1978 the office was based in and operated only out of Detroit. However, in January of 1979, the Lansing division of the office began operations. That division was established to improve the delivery of services and facilitate access by more individuals and agencies to the Defender Office's expertise in the area of criminal law and procedure.

Fifteen staff attorneys, the Defender, Chief Deputy Defender, Legal Resources Project Director and Training Coordinator are housed in the Detroit Office. Four staff attorneys and the Deputy Defender are housed in the Lansing office. In 1982-1983 these attorneys and administrators were supported by two research attorneys, ten legal secretaries, an Investigator and Paralegal Assistant, eight Administrative Assistants, two and one-half clerks, and one receptionist. Approximately fifteen part-time student and post-graduate legal research assistants are employed when funds are available.

Since 1980, paralegal and criminal justice students from Michigan State University, Mercy College, Henry Ford College and other schools have been used to provide paralegal-type assistance to the staff. These students work for credit toward degrees.

Each year the State Appellate Defender Office designates one of its staff attorneys to teach the Criminal Appellate Practice Course at the University of Michigan Law School. Course students provide research assistance on real cases assigned to that teaching attorney in return for credits and the unique learning experience the course offers.

A specialized unit, designed to handle a high volume of cases, has been able to handle 20% to 30% more cases than a regular attorney unit when the office has received funding to hire law students and post-graduates on a part-time basis to assist the staff attorneys in that unit.

Funding for students assistance or additional attorney positions will be crucial in up-coming years as the appellate assigned counsel system becomes operational and the State Appellate Defender Office is required to handle at least one out of every four indigent criminal appeals. The State Appellate Defender Office's annual intake is expected to increase under the mandatory assignment provisions of the system. See Administrative Order 1981-7, 412 Mich lxv (1982).

CASE ACTIVITY

The Defender Office is appointed to cases by the Michigan Supreme Court, the Michigan Court of Appeals, the Michigan circuit courts and the Recorder's Court for the City of Detroit to represent indigent criminal defendatns on regular appeals and in a variety of other post-conviction proceedings.

A State Appellate Defender attorney's work consists of reviewing transcripts and lower court records, interviewing clients, investigating, researching issues, filing all necessary pleadings and conducting hearings and oral arguments.

State Appellate Defender Office attorneys appear at all levels of the Michigan and Federal judiciaries. They make regular client visits and lower court appearances in virtually all areas of this state and appear before the Michigan Supreme Court and the Court of Appeals, and, in selected cases, before Michigan's Federal District Courts, the Federal Court of Appeals for the Sixth Circuit and the United States Supreme Court.

The ten circuits that did not appoint the State Appellate Defender Office during 81-82 continued their past practice in 82-83. Seven of the ten circuits (7, 9, 12, 14, 19, 33, 44) that appointed the State Appellate Defender Office in 81-82, but had not the previous year, continue to assign the State Appellate Defender Office only in extraordinary situations.

During fiscal year 82-83, October 1, 1982 - September 30, 1983, the office's eighteen staff attorneys and two deputies handled 582 cases, and the Special Unit attorney handled 83 for a total of 665 cases. 57 of those appeals were special assignments (these range from United States Supreme Court briefs to responses to prosecutor appeals), 327 were pleas and 281 were trials.

From July 1, 1982 - June 30, 1983, the office received 725 new assignments. At the close of this reporting period, it had 1,250 open active cases, had closed 831 cases and processed a total of 2,081 cases.

COLLATERAL SERVICES AND SPECIAL PROJECTS

In addition to the work produced in each case, the Office is involved in several collateral areas and special projects. The Legal Resources Project, in its sixth year, again responded to more than 3,000 requests for assistance, provided more than 50,000 pages of materials, and reached more than 1,000 subscribers through the Criminal Defense Newsletter.

The office continued to conduct training seminars for attorneys representing indigent defendants in criminal proceedings in conjunction with the Criminal Defense Attorneys of Michigan. Several seminars and video training seminars were held this year.

The State Appellate Defender Office was heavily involved in the planning of the Criminal Advocacy Program, jointly sponsored by the Wayne County Circuit Court and Detroit Recorder's Court in 1983. The State Appellate Defender Office was instrumental in obtaining a grant for the continuation of the Criminal Advocacy Program from the Michigan Justice Training Commission. At the State Appellate Defender Office's request, the Michigan Justice Training Commission also funded three State Appellate Defender Office sponsored projects -- revision of the State Appellate Defender Office's Practice and Procedure Manual, which will include a separate section on brief writing and advocacy, and the Trial Book started by the Legal Aid and Defender's Office.

Through the efforts of its Special Projects Coordinator, the State Appellate Defender Office nearly completed the automation of its word and data processing systems. Under the direction of the State Appellate Defender Commission, over the next year, the State Appellate Defender Office will design similar systems for the Appellate Assigned Counsel Administrator Office and attempt to interface them with its own. If full funding is granted to the State Appellate Defender Office and the Assigned Counsel Administrator in the 1983-1984 budget, the entire system (both the Defender and private counsel components) should be operational by the end of 1985.

Filing Fees Collected - State	$ 464,119.73
Inheritance Taxes Collected - State	$50,906,648.17

All Other Fees Collected - County	$ 1,637,601.18

NOTE: Many of the following reports contain discrepancies as a result of implementation and use of automation in maintaining caseload information. It has been ascertained that resolving these discrepancies is strictly a matter of refining the computer systems.

A high percentage of these discrepancies occurred within the computer system during the transfer of activities at the end of the reporting period (December 31, 1982) to activities pending at the beginning of the reporting period (January 1, 1983). Thus, columns B and C accurately reflect the caseload commenced and closed during the reporting year. Because these reports are prepared via computers outside of the courts, discovering and correcting these discrepancies is not immediately feasible.

Some reports are reported incompletely. These are indicated by blank items within the report form. Reports which represent only one-half year are noted as such. All reports have been denoted with asterisks which contain discrepancies or are incomplete.
